

American Society for Investigative Pathology Sessions at Experimental Biology 2004 – Washington, DC

All sessions in Washington Convention Center, unless otherwise noted

Saturday, April 17		Sunday, April 18		Monday, April 19		Tuesday, April 20		Wednesday, April 21 AM/PM
AM	PM	AM	PM	AM	PM	AM	PM	
Mining datasets M.J. Becich 8:30 AM – Room 102B Co-Sponsored by ASIP & API	Safe specimen repositories in the era of bioterrorism E.W. Gunter 2:00 PM – Room 103A Co-Sponsored by ASIP & ISBER	Beyond the bench: alternative careers in medicine G.R. Pasternack, T. Sander 8:30 AM – Room 103A	4 th Annual mentoring luncheon: grant court: a mock study section L.A. DiPietro, W.J. Waldman 12:15 PM – Hyatt, Constitution A Co-Sponsored by ASIP & AAA	Chugai symposium for young investigators J. Hogg 8:30 AM – Room 103A	President's symposium: genes to disease: molecular pathology of the immune system A.K. Abbas 2:00 PM – Room 103A	Molecular and cellular basis of disease: immune mechanisms of CNS diseases T. Montine, R.A. Sobel 8:00 AM – Room 102B		Aging, age-associated diseases and the determinants of longevity L. Hayflick, S.J. Olshansky 8:30 AM – Room 103A
<i>SLB Symposium</i> Function and Dysfunctional Innate Immunity P.A. Ward 8:30 AM – Room 103A	Controversies in stem cell research W.B. Coleman, D.C. Hixson 2:00 PM – Room 102B	Free radicals in disease pathogenesis T.N. Mayadas 8:30 AM – Room 102B Co-Sponsored by ASIP, SLB & NAVBO	Trends in experimental pathology: frontiers in molecular morphology translational research R. Tubbs, L. DeBault 2:30 PM – Room 103A Co-Sponsored by ASIP & ISAMM	Strategies for manipulating angiogenesis T.L. Haas, M. Skobe 8:30 AM – Room 102B Co-Sponsored by ASIP & NAVBO	Liver pathobiology: molecular and cellular basis of liver fibrosis M. Rojkind, M. Zern 2:00 PM – Room 102B	Molecular and cellular basis of disease: structure and function of the extracellular matrix in pathology: novel roles and regulation of MMPs and TIMPs in disease M.P. Bendeck, J.A. Madri 8:30 AM – Room 103A Co-Sponsored by ASIP, ASMB & NAVBO	Molecular and cellular basis of disease: structure and function of the extracellular matrix in pathology: matrix remodeling in pathology T.L. Haas, T. Kyriakides 2:00 PM – Room 103A Co-Sponsored by ASIP, ASMB & NAVBO	Molecular pathology of sepsis T. Edgington 8:30 AM – Room 102B
Career pathways in pathology for physician scientists D.A. Gerber 9:00 AM – Room 103B	Atherosclerosis and vascular pathology D.P. Hajjar 2:00 PM – Room 101	Lung clearance and disease T. Wyatt, W. Sale 8:30 AM – Room 101	Angiogenesis and vascular remodeling N. Ilan, B. Meyrick-Clarry 2:30 PM – Room 102B	Infection, inflammation and immunity I. Jialal, D. Bullard 8:30 AM – Room 101	ASIP membership business meeting A.K. Abbas 5:30 PM – Hyatt, Farragut Square/Lafayette Park	Molecular pathogenesis of cancer E.R. Unger, M. Ladanyi 8:30 AM – Room 101	Signal transduction and growth factors A. Dutta, M.J. Weber 2:00 PM – Room 101	Tumor angiogenesis and metastasis J.S. Alexander, S. de la Monte 8:30 AM – Room 101
Human research protection programs 1a: how to navigate human subject protection regulations M.E. Sobel 9:00 AM – Room 101 Sponsored by EB	Mechanisms of epithelial barrier and defense in health and disease C. Parkos, T. Ganz 2:00 PM – Room 103B	Poster discussion: stem cells D. Gerber, S.P. Monga 8:30 AM – Room 103B	Leukocyte-endothelial cell interactions W.A. Muller, K. Ley 2:30 PM – Room 101	Poster discussion: cell death, mitochondria and apoptosis S. Liu 8:30 AM – Room 103B	ASIP awards reception and presentation 6:00 PM Hyatt, Farragut Square/Lafayette Park	Poster discussion: liver fibrosis and stellate cells L.W. Schrum, S.W. French 8:30 AM – Room 103B	Mediators of inflammatory and obstructive lung diseases D.S. Zander, P.T. Cagle 2:00 PM – Room 103B	
	Blood vessel club W.A. Muller 4:30 PM – Room 103A	Amgen award lecture U. von Andrian 11:00 AM – Room 103A	Poster discussion: oxidative stress – host cytoprotection S. Barsky 2:30 PM – Room 103B	Rous-Whipple award lecture P.M. Howley 11:30 AM – Room 103A				
	Highlights: graduate student posters in pathology E.L. Bearer, J. Brody 5:00 PM – Room 103B
