

American Society for Investigative Pathology Sessions at Experimental Biology 2007 – Washington, DC

All sessions are in the Washington Convention Center West, unless otherwise noted.

<i>Friday, April 27</i> AM/PM	<i>Saturday, April 28</i>		<i>Sunday, April 29</i>		<i>Monday, April 30</i>		<i>Tuesday, May 1</i>	
	AM	PM	AM	PM	AM	PM	AM	PM
<p>AANP Special Course: Update on Brain Tumors: Prognostic Markers and Controversies in Diagnosis G.N. Fuller 8:00 AM – Renaissance West, Renaissance</p>	<p>AANP Presidential Symposium: Updates in Neurodegenerative Diseases B.J. Crain 8:30 AM – Room 144A/B</p>	<p>NAVBO Symposium: Mechanosensing and Signal Transduction in the Vessel Wall M. Friedman, S. Chien 12:30 PM – Room 103A</p>	<p>Liver Pathobiology Symposium: Pathobiology of ASH and NASH A.M. Diehl, S.P.S. Monga 8:30 AM – Room 140A</p>	<p>Symposium Molecular Determinants of Epithelial Polarity A. Nusrat 2:00 PM – Room 140A</p>	<p>NAVBO/AAA Vascular Development, Growth and Adaptations Mini-Meeting: Vascular Adaptations R. Tomanek 8:00 AM – Room 103A</p>	<p>ASIP Presidential Symposium: Viruses and Human Cancer P.M. Howley 2:00 PM – Room 144A/B</p>	<p>NAVBO/AAA Vascular Development, Growth and Adaptations Mini-Meeting: Vessel Cell Biology and Development V. Bautch 8:00 AM – Room 103A</p>	<p>Public Affairs Session Understanding the Federal Budget Process: Secrets to Science Policy Revealed K. Koizumi 12:00 PM – Room 144A/B</p>
<p>AANP Business Meeting B.J. Crain 5:30 PM – Renaissance East, Renaissance</p>	<p>Minisymposium Environmental and Hereditary Factors in Lung Pathobiology T. Mariani, J. Varani 8:30 AM – Room 149A</p>	<p>ACVP Symposium: Emerging Infectious Diseases W. Castleman, M.R. Starost 1:00 PM – Room 144C</p>	<p>Symposium Intracellular Transport in Vascular Cells B.L. Langille, A.I. Gotlieb 8:30 AM – Room 144A/B Co-Sponsored by NAVBO</p>	<p>Symposium New Developments in Vascular Biology M.I. Cybulsky, M.A. Schwartz 2:00 PM – Room 144A/B Co-Sponsored by NAVBO</p>	<p>Symposium Developmental Pathways in Cancer Progression C. Moreno, G. Vecchio 8:30 AM – Room 144C</p>	<p>HCS Workshop: Tissue Fixation for Molecular Analysis in Pathology and Cell Biology D.G. Baskin, S-R. Shi 2:00 PM – Room 140A</p>	<p>Symposium Autophagy and Disease Pathogenesis: Cell Suicide or Self Preservation X-M. Yin, K.A. Roth 8:30 AM – Room 144A/B</p>	<p>Symposium Novel Therapies Based on Molecules of the Innate Immune System H.A. Pereira, G.L. Stahl 2:00 PM – Room 144A/B</p>
<p>AANP Welcoming Social 6:30 PM – Renaissance East, Renaissance</p>	<p>Minisymposium Mechanisms of Cell Death and Tissue Repair S. Colgan, M. McMullen 8:30AM – Room 144C</p>	<p>Minisymposium Neuropathology: Neurodegenerative Disease I: FTD and ALS E. Bigio, N. Cairns 1:00 PM – Room 144A/B</p>	<p>Workshop Funding Your Research Through Alternative Sources G.R. Pasternack, T.L. Sander 8:30 AM – Room 149B</p>	<p>Minisymposium Hepatobiliary Pathobiology I: Liver Stem Cells and Cancer H. Isom, D. Hixson 2:00 PM – Room 149B</p>	<p>Symposium ASIP/HCS Trends in Experimental Pathology: Imaging and Histochemistry H.A.B. Multhaupt, E.R. Unger 8:30 AM – Room 140A</p>	<p>NAVBO/AAA Vascular Development, Growth and Adaptations Mini-Meeting: Vascular Stem and Progenitor Cells K. Hirschi, J. Bischoff 2:30 PM – Rom 103A</p>	<p>Symposium Stem Cell Engineering for Therapeutics A. Wagers, S.P.S. Monga 8:30 AM – Room 140A</p>	<p>Symposium Pharmacogenomics and Targeted Therapies R.B. West, G.J. Tsongalis 2:00 PM – Room 140A</p>
	<p>Minisymposium Vascular Biology: Angiogenesis and Vascular Development L. Iruela-Arispe, M. Simons 8:30 AM – Room 140A</p>	<p>Highlights: Graduate Student Research in Pathology V.M. Holloway, S.A. Tomlins 1:30 PM – Room 147A</p>	<p>HCS/ASIP Workshop: Tissue Banking and Sample Preparation G.J. Gordon, H.A.B. Multhaupt 8:30 AM – Room 149A</p>	<p>Minisymposium Neuropathology: Alzheimer's Disease and Stroke R. Mrak, C. Hulette 2:00 PM – Room 149A</p>	<p>Minisymposium Leukocyte-Endothelial Cell Interactions M.I. Cybulsky, J.S. Reichner 8:30 AM – Room 159</p>	<p>NAVBO Earl P. Benditt Award Lecture and Presentation: How Tumors Make Bad Blood Vessels. H.F. Dvorak 5:00 PM – Room 144A/B</p>	<p>Minisymposium Cell Adhesion and Signaling Pathways R. West, C.M. Doerschuk 8:30 AM – Room 149A</p>	<p>Minisymposium Hepatobiliary Pathobiology II: Liver Injury and Regeneration G.K. Michalopoulos, W.B. Coleman 2:00 PM – Room 149A</p>
	<p>Minisymposium Vascular Biology: Atherosclerosis and Restenosis M.J. Mulligan-Kehoe, P. Gallagher 8:30 AM – Room 159</p>	<p>PPS Symposium: The New Frontiers in Pulmonary Hypertension Research R.M. Tuder 2:00 PM – Room 159</p>	<p>Minisymposium Neuropathology: Myelin/Inflammatory/ Infectious Disease of the Nervous System R. Sobel, S. Croul 8:30 AM – Room 144C</p>	<p>Minisymposium Neuropathology: Developmental/ Pediatric Neuropathology J. Golden, R. Folkert 2:00 PM – Room 144C</p>	<p>Minisymposium Molecular and Cellular Biology of Cardiac Disease R.R. Rodriguez, M. Halushka 8:30 AM – Room 149B</p>	<p>HCS Membership Business Meeting H.A.B. Multhaupt 5:30 PM – Room 12/13/14, Renaissance</p>	<p>Minisymposium Emerging Technologies and Genetics M. Merino, T.L. Sander 8:30 AM – Room 149B</p>	<p>Minisymposium Regulation of Epithelial Barrier and Restitution in Health and Disease A. Buret, M. Koval 2:00 PM – Room 149B</p>

	Workshop 7 th Annual Graduate Program Directors Workshop D.L. Bick 11:00 AM – Room 12, Renaissance	Minisymposium Neuropathology: CNS Tumors A. Perry, B. KleinSchmidt-DeMasters 2:00 PM – Room 140A	Minisymposium Vascular Biology: Vascular Smooth Muscle Cell Biology M.W. Majesky, L. Khachigian 8:30 AM – Room 159	Minisymposium Understanding Cancer for Improved Prognosis: Advances in Tumor Biology M. Hoenerhoff, S. Ando 2:00 PM – Room 159	Minisymposium Regulation of Mucosal Inflammatory Responses I. Williams, A. Neish 8:30 AM – Room 149A	BLOOD VESSEL CLUB: Showcase of Recent Breakthroughs in Vascular Biology K.A. Ley, W.A. Muller, G.K. Owens 6:00 PM – Room 144A/B	Minisymposium Inflammation and Innate Immunity P. Sriramarao, V.M. Miller 8:30 AM – Room 144C	Minisymposium Vascular Biology: Proteases and Extracellular Matrix M.P. Bendeck, M.G. Davies 2:00 PM – Room 144C
	ISAMM Lecture: Targeting and Tracing Antigens in Living Cells with Fluorescent Nanobodies. H. Leonhardt 11:30 AM – Room 149B	Minisymposium Novel Therapeutic Advances in Cancer: A Peek Into the Future K. Bernstein, S. Barsky 2:00 PM – Room 149B	7th Annual Career Development Program and Lunch: Dancing with Journals: A Guide to Submission and Review L.A. DiPietro, D.S. Zander 11:45 AM – Renaissance West, Renaissance	Rous-Whipple Award Lecture: Genetics and Pathogenesis of Autoimmunity A.K. Abbas 5:00 PM – Room 144A/B	AANP Saul Korey Lecture: Neuropathology and Genetics of Parkinsonism D.W. Dickson 8:30 AM – Room 144A/B		Minisymposium Vascular Biology: Vascular Endothelial Cell Biology T. Hla, A. Malik 8:30 AM – Room 159	NAVBO Membership Business Meeting L. Iruela-Arispe 2:00 PM – Room 159
	Poster Discussion AANP Poster: Neurodegenerative Disease I: Alzheimer's Disease 11:30 AM – Room 144A Alcove Area	Minisymposium Neuropathology: Neurodegenerative Disease II: Other T. Montine, D. Dickson 2:45 PM – Room 144A/B		ASIP Membership Business Meeting & Awards Presentation P.M. Howley 6:00 PM – Room 144A/B	AANP Awards and Closing Ceremony 9:30 AM – Room 144 A/B		Scientific Sleuthing of Human Disease for High School Teachers M.C. Cohen 9:00 AM – Renaissance West B, Renaissance	NAVBO Symposium: Hereditary Vascular Disorders: From Cloning to Pathology D.A. Marchuk, B.S. Jacobson 2:30 PM – Room 159
	Poster Discussion AANP Poster: Neurodegenerative Disease II: Non-Alzheimer's 11:30 AM – Room 144A Alcove Area	NAVBO Symposium: Proteogenomic Mapping of Vascular Phenotypes in Health and Disease J.E. Schnitzer 3:00 PM – Room 103A		ASIP Awards Reception 7:00 PM – 3 rd Floor Foyer	NAVBO/AAA Vascular Development, Growth and Adaptations Mini-Meeting: Vascular Development T. Mikawa 10:30 AM – Room 103A		NAVBO/AAA Vascular Development, Growth and Adaptations Mini-Meeting: Vasculogenesis, Angiogenesis and Arteriogenesis R. Torry 10:30 AM – Room 103A	NAVBO Symposium: Vascular Smooth Muscle Cell Heterogeneity and Signaling G. Gabbiani, G.K. Owens 2:30 PM – Room 103A
		Keynote/Moore Lecture New Strategies for Defining Critical Neuropathology in Neurodegenerative Disorders F.E. Bloom 5:00 PM – Room 144			Amgen Outstanding Investigator Award Lecture: Expression and Maintenance of Mitochondrial DNA: New Insights Into Human Disease Pathology G.S. Shadel 11:30 AM – Room 140A			
		NAVBO Highlights Trainee Research and Welcome Reception 6:15 – Room 140B						
		AANP Diagnostic Slide Session E.T. Hedley-Whyte 8:00PM – Renaissance West, Renaissance
